Handwritten scribbles in the top left corner.

Hello, my name is Never

My name is forgotten
inside the water of Times

A SILENCE and A GUN.

No faces
No fear
Even the words on the walls know

What is
What was

Who are we without the pain?
Without the silences of pain?
Wars with silence guns.

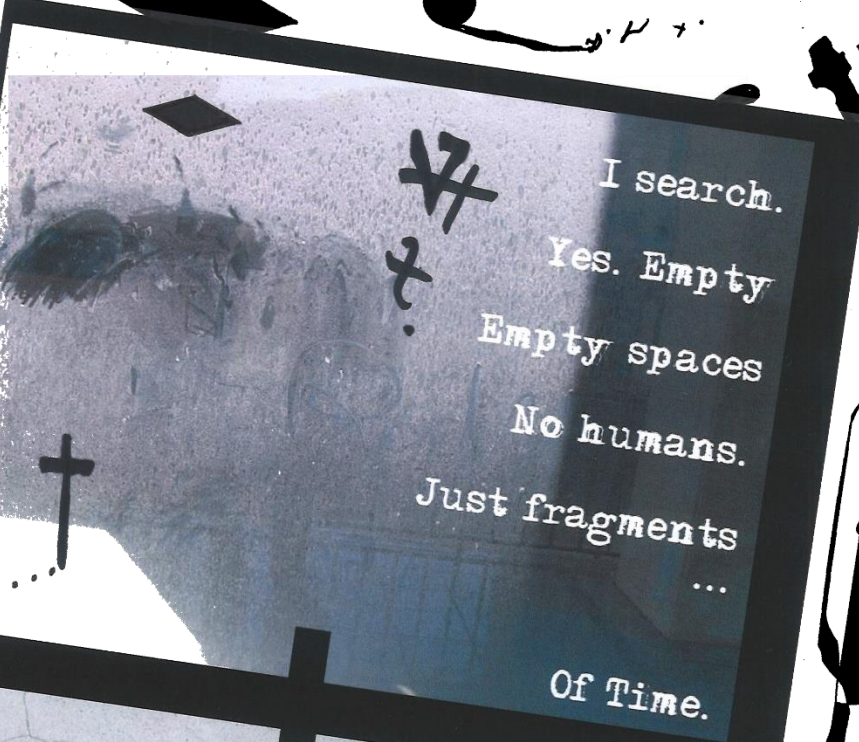

Again.

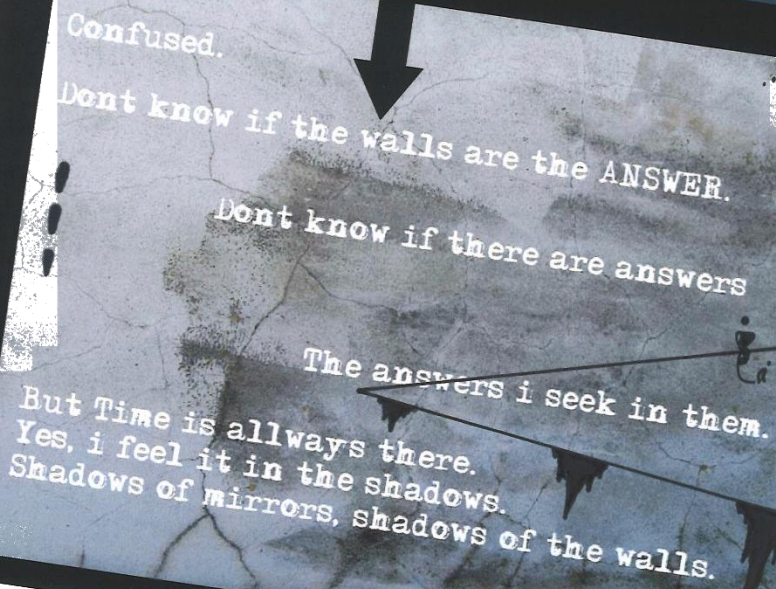

Because it's
useful to forget

When we dream
through the
generations of
words' codes...

I search.
Yes. Empty
Empty spaces
No humans.
Just fragments
...
Of Time.

Confused.
Dont know if the walls are the ANSWER.
Dont know if there are answers
The answers i seek in them.
But Time is allways there.
Yes, i feel it in the shadows.
Shadows of mirrors, shadows of the walls.

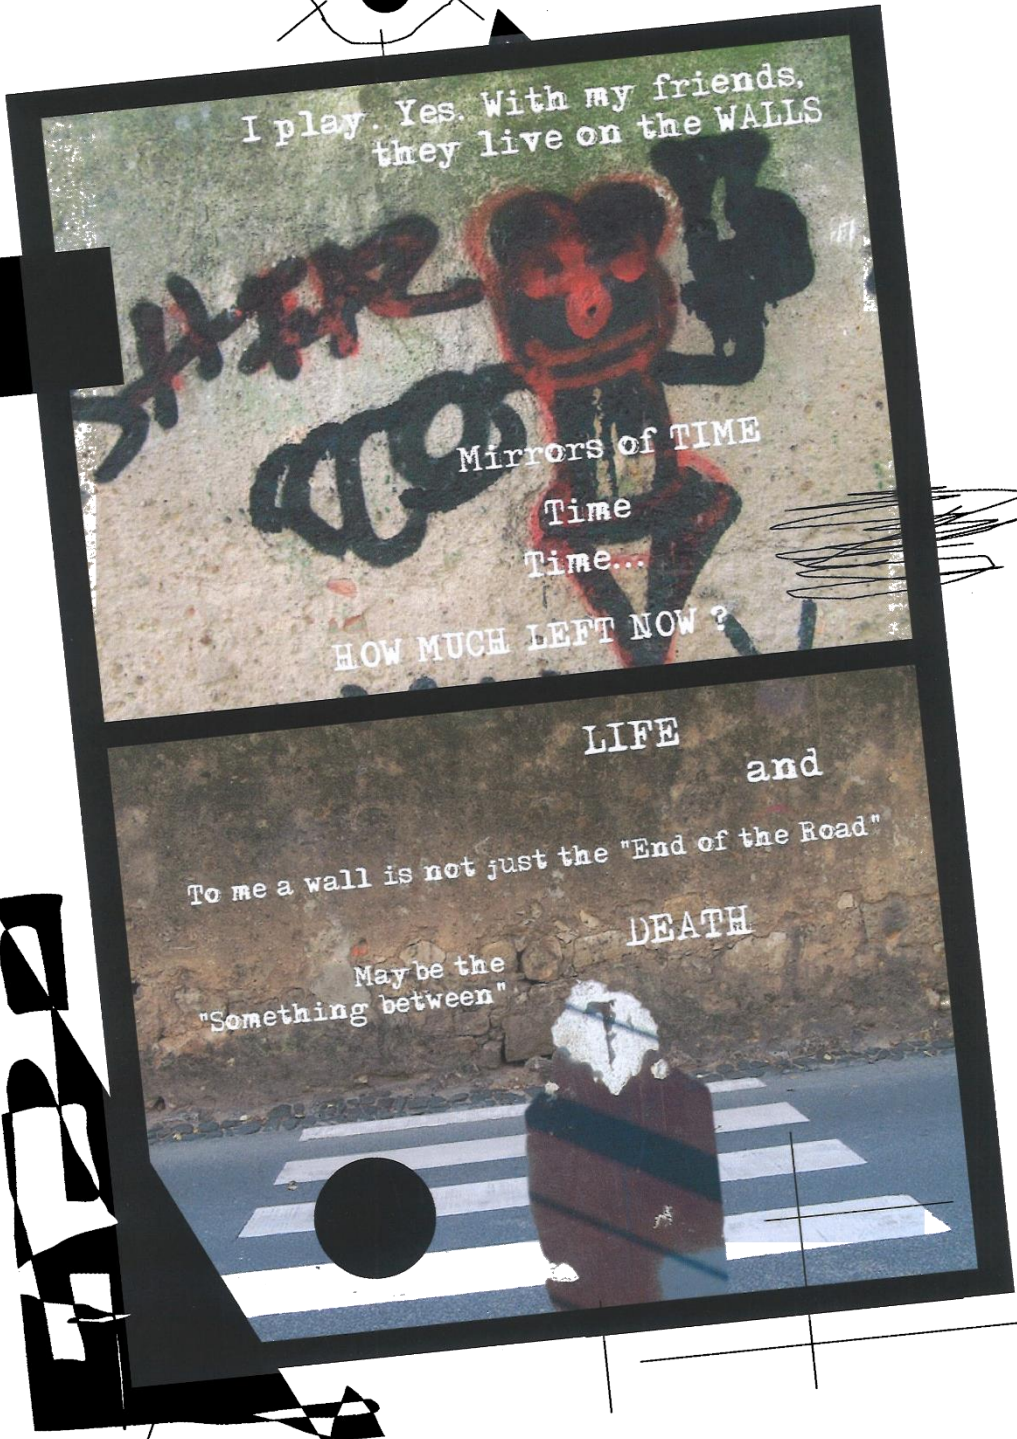

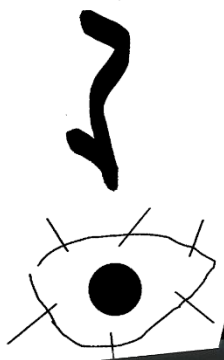

Now it's too late

And when the truth arrives
to our temple minds...

大探知。

I play. Yes. With my friends,
they live on the WALLS

Mirrors of TIME

Time
Time...

HOW MUCH LEFT NOW ?

LIFE and

To me a wall is not just the "End of the Road"

Maybe the
"Something between"

There will be no TIME

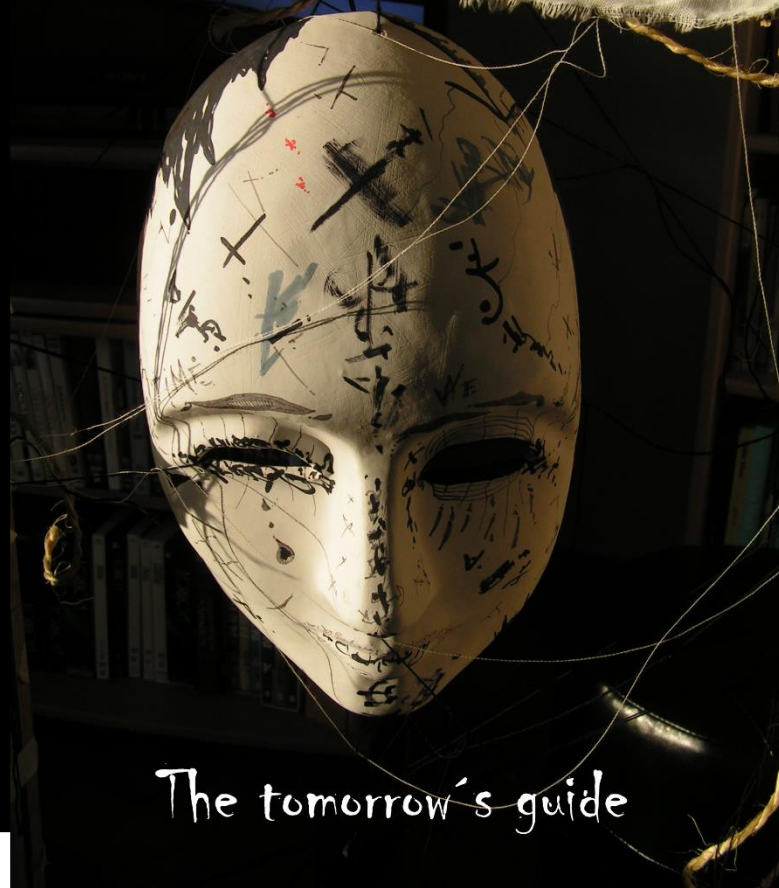

There will be no Water

Even the walls KNOW
What is a silence AND
Where
The HEART of the city lies
When... the shadows begin to live inside

Walls are GODS
Gods, yes
Of spaces between words
Of the dreams no one has
Of
After the rain
After the pain
After the past
After being said:
TIME
TIME
TIME
WALL I AM.
Time that no one has

Nor the visionary child will be..

Empty clouds are walls without soul

No more empty clouds. No More.

Without the hurting. Without sound.
